

# Employer Coverage Tool

Use this worksheet to help you gather information about employers that offer traditional health coverage to anyone on your Marketplace application. Complete one form for each employer that offers coverage. You'll need this information to complete the application, even if no one enrolls in coverage through their job (or the job of another person, like a spouse or parent).

Don't use this form if someone works for a business that offers:

- Help paying for a health plan
- To reimburse medical expenses through a Health Reimbursement Arrangement (HRA).

Look at the notice from the employer for the information you need to complete your Marketplace application. Visit [HealthCare.gov/job-based-help](https://www.healthcare.gov/job-based-help) to learn more.
