● DON'T FORGET!

Remember, your first bill is on its way right now.

You need to pay your premium every month. Your premium is the amount of money that keeps your health insurance active — and keeps you covered. To help you stay on top of things, we'll send you a monthly bill.

Your premium payments are always due one month in advance. For example, your payment for April's coverage will be due March 1.

We are here to help!

Visit Ambetter.SuperiorHealthPlan.com or call 1-877-687-1196 if you have questions.

Reminder:

Your coverage won't begin until you pay your first bill.
